

2013 Columbia Valley Merlot

This wine exemplifies what Washington State offers with this varietal. It is a wine that exhibits power and suppleness, ample tannins and complex black fruit flavors and savory notes. It has earth aromas that we love and instills in the wine a compelling complexity which is just starting to get to the surface.

Merlot with a tiny fraction of Malbec and Petit Verdot from Two Blondes and Champoux Vineyards in the Columbia Valley. A riveting and dynamic wine which can be enjoyed now however we are curious and excited to see how it will be in 5 years.
